kpetillo@afsp.org
Website: <https://afsp.org/chapter/georgia>

The grassroots work our chapter does focuses on eliminating the loss of life from suicide in Georgia by: delivering innovative prevention programs, educating the public about risk factors and warning signs, raising funds for suicide research and programs, and reaching out to those individuals who have lost someone to suicide. Our staff and volunteers do programs often.

The Georgia Chapter is committed to providing as many prevention programs as we can to our community. We are pleased to offer all modules of Talk Saves Lives and More Than Sad for parents and educators virtually and free of charge. We routinely do programs for businesses of all sizes, conferences, PTAs, schools, community organizations, faith groups, and more!

Website:

<https://www.eachoneteachonetogether.org/contact>

Each One Teach One Together, Inc. is a 501(c)(3) nonprofit agency that provides resources and support to all families. Each One Teach One Together encompasses six guiding principles:

1. To be effective, parents need to be strong and flexible.
2. To be supported, parents need friends that understand trauma and know how to be supportive.
3. Parenting is part natural and part learned and therefore ongoing parent skills training is essential to blend the two.
4. All parents need help sometimes. Being open to receiving help, especially when in crisis, is a strength and not a weakness.
5. Children need help in communicating effectively and parents need to develop the skills to assist them in doing this.
6. Parents and children need and deserve love and respect. This reciprocal relationship can happen by learning parental behavior to enable children to feel lovable, capable, worthwhile and responsible.
