National Alliance on Mental Illness

NAMI is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. Your local NAMI Affiliates and volunteer leaders work in communities across the country to raise awareness and provide essential and free education, advocacy, and support group programs.

NAMI Utah is Utah's voice on mental illness. Our mission is to ensure the dignity and improve the lives of those who live with mental illness and their families through support, education and advocacy. We are a grassroots organization that was started in 1988. Our greatest strength is the dedication of the family members and individuals living with mental health conditions who teach our classes, lead our support groups, and advocate in their communities. Through our lived experiences we are able to offer help, hope, and healing to people whose lives are affected by these conditions.

Mental Health America

MHA is a powerful voice for healthy communities throughout the nation and offers information, referrals, and resources for individuals living with any type of mental illness. One of MHA's services includes online screening, which is one of the quickest and easiest ways to determine whether you are experiencing symptoms of a mental health condition. **Mental health conditions, such as depression or anxiety, are real, common and treatable. And recovery is possible.**
