Mental Health America

MHA is a powerful voice for healthy communities throughout the nation and offers information, referrals, and resources for individuals living with any type of mental illness. One of MHA's services includes online screening, which is one of the quickest and easiest ways to determine whether you are experiencing symptoms of a mental health condition. **Mental health conditions, such as depression or anxiety, are real, common and treatable. And recovery is possible.**

MHA-NJ serves adults and transition age youth who are dealing with mental health needs and do not have financial resources, including Veterans and people who are homeless.
