National Alliance on Mental Illness

NAMI is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. Your local NAMI Affiliates and volunteer leaders work in communities across the country to raise awareness and provide essential and free education, advocacy, and support group programs.

NAMI Southern Arizona is a NAMI affiliate providing no-cost advocacy, education, and support to all those affected by mental illnesses. Since 1983, NAMI of Southern Arizona has been helping individuals with mental illness and their families. Many of our programs, services and literature are also available in Spanish.

Mental Health America

MHA is a powerful voice for healthy communities throughout the nation and offers information, referrals, and resources for individuals living with any type of mental illness. One of MHA's services includes online screening, which is one of the quickest and easiest ways to determine whether you are experiencing symptoms of a mental health condition. **Mental health conditions, such as depression or anxiety, are real, common and treatable. And recovery is possible.**

Mental Health America of Arizona (MHA AZ), promotes the mental health and well-being for all Arizonans through education, advocacy and the shaping of public policy. We do so by developing, empowering, informing and activating a network of people, healthcare providers and business alliances interested in advocating for sound public mental health policy in Arizona.
